Prepare copies of the pieces for your students to trace. Tagboard works best to make them sturdy.

Provide a variety of colored construction paper trimmed down to reasonable sizes. Allow the children to choose how to clothe their individual scarecrows.

The "hands" are cut from yellow construction paper. The ends can be randomly cut to add a "fringe" that looks like straw.

After mounting the scarecrow on a large piece of paper, the children can draw in their chosen landscape.
